

COMPETENCE CENTER FOR SOCIAL INNOVATION SWEDEN

Ecosystem strengths

- Good preconditions - engaged actors, many initiatives and changemakers
- The Swedish Government's strategy – a starting point (2018-2020)
- A widespread commitment in many sectors to the sustainability goals of the 2030 Agenda
- Good examples of support to social innovation among funders, intermediaries, and the ecosystem at large
- Good examples of platforms and networks for social innovation nationally, regionally locally
- The ESF+ focus on social innovation

Needs

- Clearer political leadership for social innovation
- Need for innovative forms of funding for social innovation
- Stronger national, local and regional platforms to coordinate cross-sectoral collaboration
- Integrate social innovation in day-to-day activities of key actors in the larger innovation system
- Expand the role of academia and research in social innovation
- Ensure participation and influence of those who are affected by societal challenges

MISSION

To establish a support function that promotes effective, lasting and value-creating social innovations on labour market related societal challenges in the implementation of ESF+
